

# CONSTRUCTION UPDATES

As of September 9, 2019

**See #1 on map above.** Road Improvements on General Hudnell Dr. (July 9 - Summer 2020)– Over the course of several months, TxDOT crews will continue performing major upgrades to north- and southbound lanes over a two-mile stretch between U.S. Highway 90 and the west entrance of the Port at Billy Mitchell Blvd. Please slow down and observe temporary lane closures, which can change from day-to-day.

**See #2 on map above.** Lane closures on Billy Mitchell Blvd (March 25 to end of August 2019) – West-bound lanes will be closed for several weeks on approach to the intersection to 36th Street. This work is part of a comprehensive drainage project for the main Port campus. Please slow down and follow temporary detour signs.

**See #3 on map above.** Road closure on General Hudnell Dr. (September 16 - December 2019) – see the highlighted area of the map below, where Gen. Hudnell Dr. intersects with Industrial Park Rd., where both lanes will be temporarily closed for drainage upgrades. Please avoid the area if possible or follow corresponding detour signs.
