

A large, stylized orange crane hook is positioned in the upper center of the page. It is suspended by two grey cables that extend downwards towards the text. The background behind the hook consists of several horizontal bands of color: light blue, purple, pink, yellow, and orange, with diagonal hatching patterns overlaid on some of these bands. Below the hook, there is a stylized cityscape silhouette in shades of grey, pink, and orange, with a yellow sun or moon partially visible behind the buildings.

# FIXES, UPGRADES & CONSTRUCTION

## RECENT AND UPCOMING CAPITAL PROJECTS FALL 2019 UPDATE

Port San Antonio is a leading technology and innovation campus, connecting people and their industries to opportunities throughout South Texas, the nation and the world.

Our 1,900 acres are home to an array of private- and public-sector industries, including aerospace, cybersecurity, manufacturing, defense, applied technology and global logistics.

Nearly \$1 billion dollars in capital improvements have taken place at the Port in the last 20 years. This includes significant upgrades to military facilities, new construction and big infrastructure upgrades.

This document provides an overview of recent, ongoing and upcoming development and redevelopment work by the Port, our customers and public partners to attract and grow key industries and jobs in the region.

# RECENT AND UPCOMING CAPITAL PROJECTS

**1 Project Tech Building 1**  
A new 90,000 square-foot specialized office facility for expansion of cybersecurity and other advanced industries  
Funding: \$20 million (Port, City of San Antonio)  
Timeline: 2017-19

**2 Project Tech Building 2**  
A 174,000 square-foot specialized office facility for expansion of cybersecurity and other advanced industries  
Funding: \$51.7 million (Port)  
Timeline: 2019-21

**3 Improvements to Air Force Hangars**  
Upgrades to hangars located along the airfield  
Funding: \$10 million (State of Texas, Port)  
Timeline: 2018-19

**4 Highway improvements**  
Upgrades to 2.1 miles of General Hudnell into the Port's main entrance  
Funding: \$6.2 million (TxDOT)  
Timeline: 2019-20

**5 Residential**  
Upgrades to 374 townhome units  
Funding: \$20 million (Granite Redevelopment, Port)  
Timeline: 2017-19

**6 Air Force headquarters**  
Ongoing improvements and maintenance by the Port's team of 750,000-square-foot secured Air Force office complex  
Funding: \$1 million annually (Air Force, Port)  
Timeline: Ongoing

**7 Site preparations**  
Demolition of obsolete structures and other preparation in support of future development along the main entrance of the campus  
Funding: \$1.5 million (Port)  
Timeline: 2017-19

**8 Aerospace complex upgrades**  
Upgrades to hangars and workshops  
Funding: \$12 million (Port customers, Port)  
Timeline: 2016-21

**9 Drainage infrastructure**  
Large drainage channel connecting existing stormwater detention infrastructure and supporting development of hundreds of acres throughout the property.  
Funding: \$24 million (City of San Antonio Municipal Bond)  
Timeline: 2019-21

**10 Sewer upgrades**  
Sewer infrastructure improvements in conjunction with drainage channel projects  
Funding: \$4 million (San Antonio Water System, SAWS)  
Timeline: 2019-21

**11 Road/Intersection upgrades**  
Improves railport and overall area conditions by widening road and adding integral drainage infrastructure at intersection of Quintana Rd. and Dunton Ave.  
Funding: \$13.4 million (Metropolitan Planning Organization, Port, City of San Antonio, TxDOT)  
Timeline: 2019-21

**12 Campus-wide cybersecurity upgrades**  
Finish-out by the Port and customers to establish specialized secure spaces for cyber operations  
Funding: \$12 million (Port customers, Port)  
Timeline: 2018-20

**13 Compass Rose**  
A new 130,000 square-foot public-charter school will eventually offer 1,000 students special STEM programs like aerospace, cybersecurity, robotics, IT and several applied technologies  
Funding: \$11.8 million (Port customers, Port)  
Timeline: 2019-20

**14 Innovation Center**  
State-of-the-art multi-purpose building that includes co-working/maker spaces, technology arena/conference center, technology museum, industry showplace and amenities  
Funding: TBD (Port, and partners)  
Timeline: 2021-22

Project Tech Building 2 is a specialized office facility that supports expansions by cybersecurity and other advanced industries. The 174,000-square-foot building is the second phase of a multi-facility complex totaling over half a million square feet and will be completed in 2021. (See #2)

Over 1,000 cybersecurity professionals work on the Port campus, and numerous new operations have been established in recent months.

State-of-the-art Innovation Center that includes co-working/maker spaces, technology arena/conference center, technology museum, industry showplace and amenities. (See #14)
